

THANKSGIVING RESOURCES

Christians are to abound in thanksgiving (Colossians 3:15-17; Isaiah 12:4). The amazing grace of Jesus should put a thankful skip in our step. But come November, and expressly the fourth Thursday, Americans give focused attention being Thankful as tribute to our national heritage and history. The church of Christ Jesus should find this season of thankfulness refreshing. Church leaders can help maximize this seasonal opportunity to grow their congregants' attitude of gratitude. While it is good for pastors to teach on thankfulness, providing accompanying resources will help the teaching stick. Click below to access resources for consideration.

Ideas

- Record 30 second videos of congregants sharing what they are thankful for and share in service and or on social media.
- Lead people to tell one person a day how they are thankful for them (call, text, written note, gift)
- Lead your people to take the 21-day complaint free challenge. (Get a simple bracelet as a reminder for all those participating)
- [Additional Ideas](#)

CHRISTMAS RESOURCES

As we step into the celebration of our Savior's birth, we realize that prayer has marked this event for millennia. Years before Bethlehem welcomed God incarnate, creation has been praying for His appearing. Over the next few weeks Jesus' birth will gain a heightened focus: through song, family gatherings and church celebrations. Consider how you can incorporate the resources below to help prayer be the stride of *this* Christmas as you celebrate that *first* Christmas.
